

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

Applicant(s):	M.C. CLAYTON	Examiner	Wellington Chin
Serial No.	10/787,074	Group Art Unit	2664
Filed	February 19, 2004	Docket No.	P17730
TITLE	GENERATING TOPOLOGY INFORMATION IDENTIFYING DEVICES IN A NETWORK TOPOLOGY		

CERTIFICATE UNDER 37 CFR 1.8:

I hereby certify that this correspondence is being transmitted through the USPTO EFS-Web system over the Internet to Wellington Chin of the U.S. Patent and Trademark Office on April 14, 2008.

/David Victor/

David W. Victor

PETITION TO WITHDRAW ABAONDMENT BASED ON
FAILURE TO RECEIVE OFFICE ACTION
UNDER 37 CFR 1.818(a) and MPEP 711.03(c)

Applicants Petition the Patent Office to Withdraw the Notice of Abandonment dated March 26, 2008 under 37 CFR 1.818(a) and MPEP 711.03(c) because the attorney for Applicants, whose mailing address is the correspondence address in this case, did not receive the Notice of Non-Compliant Amendment mailed November 15, 2007.

The Notice of Non-Compliant Amendment was not received at the correspondence address of record, and a search of the practitioner's records, including the file jacket and its contents for this application, indicates that the Notice of Non-Compliant Amendment was not received. Copies of docket records where the non-received Office communication would have been entered had it been received and docketed are submitted herewith. A commercial software docketing system is used. When a Patent Office document is received, relevant information such as the type of document and its USPTO mailing date are entered into the system, which then determines the response due date or dates, reminder dates, and the like. Reports may be run that generate, for example, a calendar of actions due in a selected time period.

I have attached docketing records that indicate that no response was docketed one month from the November 15, 2007 mailing date listed on the Notice of Non-Compliant Amendment. A docket report of all matters due during the time period of December 10, 2007 through December 24, 2007 is attached to this Petition as "Attachment A". The non-received Non-Compliant Amendment would have been entered as being due on December 15, 2007, had it been received

and docketed. The docket record shows docketed dates for each attorney and/or agent in the firm Konrad, Raynes & Victor LLP.

Confidential client identification has been redacted to maintain client confidentiality. In particular, for each docketed date, attorney/agent initials, date, action with reference to the date, and country of particular matter are listed. For each docketed date, a portion of the title has been redacted and the client and firm identifiers have been completely redacted.

For convenience, actions listed as having a December 15, 2007 due date have been circled in Attachment A. As can be seen from the circled entries, the portions of the title and docket numbers that are not redacted do not correspond to a response due for this case (client docket number P17730, titled "Generating Topology Information Identifying Devices in a Network Topology").

Accordingly, Applicants respectfully request withdrawal of the holding of abandonment and a remailing of the Notice of Non-Compliant Amendment, with a reset mailing date.

It is believed that no Petition fee is due. Should any fees be required, please charge Deposit Account No. 50-0585.

The attorney of record invites the Examiner to contact him at (310) 553-7977 if the Examiner believes such contact would advance the prosecution of the case.

Dated: April 14, 2008
